**If they turn 12 this year, they cannot play in JUNIORS**

6. Weigh-In We will be creating weight divisions on the day so there is no pressure for any child to make a specific weight. If they are a bit over the indicated divisions, this makes no difference. For purposes of initially allocating athletes to a division, their weight should be equal to or under the weight division on the list, and above the next lowest division; e.g. For U/30kg division, the player must weigh exactly, or less than 30.0kg and be above 27.0kg. 27.1kg means they are listed under U/30kg. Over 50kg (or Over 52kg) must be 50.1kg (52.1kg) or above.
7. Please ensure names, grades and clubs of the player are entered on the correct NOVICE/GRADED sheet under the correct weight category
8. Please write **VERY NEATLY AND ACCURATELY.**
